

Deciduous Shrub Pruning Chart

By Lisa Johnson, Dane County Extension Horticulture Educator, 9/07, Revised 10/19

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Aesculus parviflora</i>	Bottlebrush buckeye	Dormant prune	X				Summer or fall bloomer
<i>Aronia spp.</i>	Chokeberry	After flowering in spring	X	X			Spring bloomer, suckers heavily
<i>Berberis thunbergia</i>	Japanese barberry	Dormant prune	X			X	Fruits unwanted. Some cultivars on DNR invasive list
<i>Buddleja davidii</i>	Butterfly bush	Dormant prune		X			Summer or fall bloomer, dies back
<i>Callicarpa americana, C. dichotoma</i>	American Beautyberry, Purple Beautyberry	Dormant prune	X	X recommended to 6-8"			Blooms on new wood in fall. Takes rejuvenation pruning very well
<i>Caragana arborescens</i>	Siberian peashrub	After flowering in spring	X				Spring bloomer
<i>Caryopteris x cladonensis</i>	Bluebeard	Dormant prune		X			Summer or fall bloomer
<i>Cephalanthus occidentalis</i>	Buttonbush	Dormant prune	X		X		Summer or fall bloomer, little pruning needed
<i>Chaenomeles spp.</i>	Flowering quince	After flowering in spring	X		X		Spring bloomer
<i>Chionanthus virginicus</i>	Fringe tree	After flowering in spring	X		X		Spring bloomer, little pruning needed
<i>Clethra alnifolia</i>	Summersweet Clethra	Dormant prune			X		Summer or fall bloomer, little pruning needed

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Cornus alba</i> , <i>C. sericea</i> , <i>C. sanguinea</i> , <i>C. racemosa</i> , <i>C. amomum</i>	Tatarian, redosier, bloddtwig, gray and silky dogwoods	Dormant prune	X	X sericea, sanguinea			Summer or fall bloomer, NEVER shear, prune out cankered branches annually on <i>alba</i> , <i>sericea</i> , <i>sanguinea</i>
<i>Cornus mas</i>	Corneliancherry dogwood	After flowering in spring	X		X		Spring bloomer, little pruning needed
<i>Corylus americana</i>	American hazelnut	Dormant prune	X	X	X		Summer or fall bloomer, SUCKERS
<i>Cotinus coggygria</i>	Smokebush	Dormant prune	X				Summer or fall bloomer, little pruning needed
<i>Cotoneaster spp.</i>	Cotoneaster	After flowering in spring			X		Spring bloomer
<i>Daphne burkwoodii</i>	Daphne	After flowering in spring			X		Spring bloomer, little pruningneeded
<i>Deutzia spp.</i>	Deutzia	After flowering in spring			X		Spring bloomer
<i>Diervilla lonicera</i>	Bush honeysuckle	Dormant prune	X	X	X		Summer or fall bloomer, suckers!
<i>Euonymus alatus</i>	Burning bush	Dormant or spring just after leaf expansion if trying to retard growth	X		X	X	Spring bloomer; flowers and fruits inconspicuous
<i>Forsythia spp.</i>	Forsythia	After flowering in spring	X		X		Spring bloomer

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Fothergilla</i> spp.	Fothergilla	After flowering in spring			X		Spring bloomer
<i>Genista tinctoria</i>	Common woadwaxen	Dormant prune		X			Summer or fall bloomer
<i>Hamamelis vernalis</i> and <i>H. x intermedia</i>	Witchhazel	After flowering in spring			X		Spring bloomer
<i>Hamamelis virginiana</i>	Common witchhazel	Dormant prune			X		Summer or fall bloomer
<i>Heptacodium miconioides</i>	Seven-son flower	Dormant prune			X		Summer or fall bloomer
<i>Hibiscus syriacus</i>	Hibiscus or rose-of-sharon	Dormant prune			X		Summer or fall bloomer
<i>H. arborescens</i>	Smooth hydrangea (rounded heads)	Dormant prune fall or early spring	X	X			Blooms on new wood; some also on old wood. Includes Annabelle, Incrediball™, Invincibelle™ Spirit, Bella Anna, etc.
<i>Hydrangea paniculata</i>	Panicle hydrangea (cone-like heads)	Dormant prune lightly fall or early spring, thin later	X		X		Flowers in summer on new wood, deadhead, thin and shape
<i>Hydrangea macrophylla</i> ,	Bigleaf hydrangea (blue or pink round flower heads)	Spring: Don't prune until you see new buds breaking and can ID dead and live wood, cut dead wood to ground	X		X		Summer bloomer. Endless Summer™ somewhat remontant, blooms on mainly old and some new wood. Flower buds on old wood often not hardy—protect for winter for flowers

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Hydrangea quericifolia</i>	Oakleaf hydrangea	After bloom					Little pruning needed. Flowers on old wood, but flower buds often not hardy here, winter protection needed for flowers
<i>Hypericum calycinum</i>	Kalm St. Johnswort	Dormant prune			X		Summer or fall bloomer
<i>Ilex verticillata</i>	Winterberry holly	Dormant prune	X				Summer or fall bloomer
<i>Kerria japonica</i>	Japanese kerria	After flowering	X		X		Spring bloomer, may rebloom, young stems green year round.
<i>Kolwitzia amabilis</i>	Beautybush	After flowering	X		X		Spring bloomer
<i>Lespedeza bicolor</i>	Shrub bush-clover	Dormant prune		X			Summer or fall bloomer
<i>Ligustrum spp.</i>	Privet	Spring after new growth is expanded	X		X	X	
<i>Lonicera x xylosteoides</i> 'Clavey's Dwarf'	Clavey's Dwarf Honeysuckle	After bloom	X		X	X	Spring bloomer
<i>Myrica pennsylvainca</i>	Northern bayberry	Dormant prune	X				Summer or fall bloomer
<i>Philadelphus spp.</i>	Mockorange	After bloom	X		X		Spring bloomer
<i>Physocarpus opulifolius</i>	Ninebark	After bloom or Dormant prune	X		X		Spring bloom, but dormant-prune if want to allow fruits

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Potentilla fruticosa</i>	Potentilla	Dormant prune	X	X			Summer or fall bloomer
<i>Prunus x cistena</i> , <i>Prunus glandulosa</i>	Purple-leaf sandcherry, Dwarf flowering almond	Dormant prune to reduce disease, but removes flowers	X		X		Spring bloomer
<i>Pyracantha coccinea</i>	Scarlet firethorn	Dormant prune			X	X	Summer or fall bloomer
<i>Rhus spp.</i>	Sumacs	Dormant prune	X		X		Summer or fall bloomer
<i>Ribes alpinum</i>		Spring after new growth is expanded	X	X	X	X	Blooms in spring but inconspicuous
<i>Salix spp.</i>	Shrub willows	Dormant	X	X			
<i>Sambucus canadensis</i>	American Elderberry	Dormant prune	X	X	X		Summer or fall bloomer
<i>Sambucus nigra</i>	European elderberry	Dormant prune	X	X	X		Summer or fall bloomer
<i>Sorbaria sorbifolia</i>	Ural false-spirea	Dormant prune	X	X			Summer or fall bloomer
<i>Spiraea japonica</i>	Japanese spirea	Dormant prune	X	X			Summer or fall bloomer
<i>Stephenandra incise 'Crispa'</i>	Cutleaf stephenandra	Dormant prune					Summer or fall bloomer
<i>Symphoricarpos spp.</i>	Snowberry, coralberry				X		
<i>Syringa patula</i>		After bloom	X		X		Spring bloomer

Botanical Name	Common Name	Pruning Time	Thinning	Rejuvenation	Heading Back	Shearing	Comments
<i>Syringa vulgaris</i> , <i>S. x hyacinthaflora</i> , <i>S. x chinensis</i>	Common, early and Chinese lilac	After bloom	X		X		Spring bloomer
<i>Tamarix chinensis</i>	Tamarisk	Dormant prune					Summer or fall bloomer, invasive
<i>Viburnum carlesii</i> , <i>V. juddii</i>		After bloom or dormant prune but this will remove some flowers			X		Spring bloomer
<i>Viburnum dentatum</i> , <i>V. trilobum</i> , <i>V. opulus</i> , <i>V. lentago</i> , <i>V. lantana</i> , and <i>V. sargentii</i>	Arrowwood, American and European cranberry-bush viburnums, nannyberry, wayfaringtree viburnum	After bloom or dormant prune but this will remove some flowers	X		X		Spring bloomer
<i>Vitex agnus-castus</i>	Chaste-tree, Vitex	Dormant prune		X			Summer or fall bloomer
<i>Weigela florida</i>	Weigela	After bloom			X		Spring bloomer
<i>Yucca filamentosa</i>	Yucca	Dormant prune					Summer or fall bloomer
